Build Your Career
On A Strong Foundation
Construct your career with the world’s largest gypsum company

Build your career on our strong foundation

At USG, we are the industry leader in building products and innovative solutions. We have more than 115 years of knowledge and customer service, and we enable people all over the world to not only build, but to dream — to imagine a world that reflects their vision, and allows them to make that world a reality.

Our employees in the U.S., and through our partnerships in North America, Asia, Australasia and the Middle East, are dedicated to providing the highest levels of quality and customer satisfaction in everything we do. We have 3,000 active U.S. and international patents, and we continue to innovate every day.

You already know us, you just don’t know it.

USG is a world-leading producer of gypsum wallboard, finishing products and ceiling suspension systems. In fact, only USG makes USG Sheetrock® Brand Gypsum Panels, the first and best-known brand of wallboard. And, we’re recognized for our innovation in the design and manufacture of acoustical ceiling panels, suspension systems and specialty ceiling systems. As USG continues developing creative building solutions that raise standards of productivity, efficiency and design, we seek bright, talented individuals to join our team and build on our legacy of partnership, innovation and industry leadership. It’s what inspires us. And it starts with you.

Mom was right. What matters is underneath.

Are you ready for a rewarding challenge? At USG, you can be part of a dynamic team in which your achievements provide a strong foundation for continued professional and personal growth. Competitive salaries, flexible work schedules and a world-class benefits package are just some of what we offer to attract the people who will continue the success of this company. If you’re ready to make your mark in a challenging work environment that values integrity, service, diversity and a healthy desire to succeed and grow, you’ll find that our door is wide open. Just imagine what we could build together.

USG puts your safety first, every minute, every task and every day. We are an industry leader in safety performance with more than 100 million hours worked without a lost-time injury. We were awarded the National Safety Council’s Robert W. Campbell Award for outstanding integration of environmental, health and safety management with our business outcomes.
Where is USG located?
We offer entry-level opportunities at our 50 manufacturing facilities across the country. Our corporate headquarters and customer service center are in Chicago, with a large research and technology center located in nearby Libertyville, IL. Through our partnerships, our global reach extends internationally.

What career opportunities does USG offer?
We offer entry-level positions in almost every functional area of our company, which can include:

- Accounting/Finance
- Customer Service
- Engineering
- Marketing
- Information Systems
- Research
- Sales
- Human Resources

What is included in the USG benefits package?
We offer an outstanding array of benefits:
- Health plans for medical, dental and vision
- 401(k) investment plan with company match
- Cash balance retirement plan
- Career development programs
- Life and disability insurance
- Opportunity to buy vacation days
- Employee assistance program
- Opportunity to volunteer in local communities

How do employees advance at USG?
USG is an organization in which everyone can reach his or her full potential. We encourage leadership at every level. In fact, most of our company leaders came up through the ranks themselves. We promote from within whenever possible and enable people to move across businesses, functions, and across the country to make the best use of their talents. We encourage growth and development by making it easy for employees to learn about and apply for positions throughout the organization.

Do employees typically relocate?
USG encourages employees to consider opportunities at our many locations. Therefore, we provide a competitive assistance program for new hires and employees when relocating with the company.

What types of training and tuition reimbursement do you offer?
USG sponsors a variety of education and training programs to help employees develop their full potential, realize individual aspirations and meet company needs.

Through our Short Term Education Program professional employees participate in designated programs offered by colleges, universities and technical and professional associations.

The USG Education Assistance Program provides $10,000 per year reimbursement of tuition, books and fees for approved graduate and undergraduate programs that will enhance current performance and prepare for future opportunities.

What is diversity like at USG?
Diversity is a core value of our company. Diversity represents all of the characteristics that begin to define all people and thus all of our employees and customers. It includes such factors as race, ethnicity, gender, age, physical or mental ability, sexual orientation, political ideology, geography, religion, socio-economic status, occupational skill, education and language.

By becoming more diverse, we enhance adaptability, creativity and our ability to serve customers more effectively. Valuing diversity also makes USG attractive as an employer. Our employees represent one of our greatest competitive advantages. To attract and retain the best talent, USG must be a company where people can reach great achievements.

USG at a glance
USG is a leading manufacturer of building materials for the construction and remodeling industries. Used in major commercial developments, residential housing and basic home improvement projects, our products represent some of the best-known brands in the business.

As a true partner in helping individuals build their world, we hold a steadfast commitment to our core business beliefs—integrity, safety, efficiency, quality, diversity, innovation and service. All of which have helped us become the multi-billion dollar company we are today. Our employees are committed to providing our customers with the solutions and support they need to create the spaces where we live, work and play.
USG at a Glance

For more than 115 years, USG has built an ever-growing portfolio of groundbreaking products backed by unparalleled service. In the last decade, we have demonstrated our resilience by continuing to invest in purposeful innovation, expanding into different markets and by working smarter and faster to help our customers achieve their visions.

Our commitment to innovation and focus on our customers is driven by a desire to help architects, contractors and workers alike to not only build better structures, but to build a better world.

USG’s subsidiaries and partners allow us to have a reach that is worldwide, while every location has a local flavor.
